

I need your advice.

We're all concerned about the economy. But, we don't all agree about what state and local government should be doing to help. So, I am holding a series of 4 public forums to give you a chance to let me and other leaders know what you think we should be doing to stimulate the local and regional economy and to create more jobs for our area.

The meetings will start with an update about what we've been doing, at the state and local level. Then it's your turn –to tell us what you think works best.

Marc Pacheco

I need your ideas on things like commuter rail, green jobs and technology, biotech and even what type of gaming is a good choice for our region. I hope you'll join me.

We're all in this together. So, I hope that you'll take the time to come to one of the forums and offer your ideas. Thank you.

Marc Pacheco
State Senator
